PROFILE

Full-stack mobile developer specialising in **React Native** and Expo, with web experience in Next.js and TypeScript. I work on two apps published on the App Store and Google Play, **3CatInfo** and **3Cat**. On 3CatInfo I am responsible for **AI integration**, I am the team's **accessibility reference** and I have trained the React Native, iOS, Android and QA teams. I also build web and mobile products for businesses, end to end.

EXPERIENCE

Mobile Application Developer (React Native)

Apr 2024 – Present

Alten, Madrid, Spain

- **3CatInfo**, 3Cat's news app on the App Store and Google Play: responsible for AI integration in the product.
- Led implementation and training: onboarded the React Native team, iOS and Android teams from other apps, and QA.
- Accessibility reference (WCAG): researched and resolved accessibility issues and acted as the knowledge source for other developers.
- **3Cat**, 3Cat's main app on the App Store and Google Play: React Native feature development.
- Focus on performance, scalability and maintainable architecture.

Freelance Full-Stack Developer, Web and Mobile

2024 – Present

Self-employed, Madrid, Spain

- Mobile apps with React Native and Expo, and web platforms with Next.js, Supabase and Firebase, published and maintained in production.
- Process automation with n8n and LLMs that reduces clients' day-to-day manual work.
- Websites for local businesses, each delivered with its own admin and analytics layer.
- Full cycle: requirements, design, development, deployment and maintenance.
